creating where we live

We are professional artisans who make our living by producing the most creative, honest and authentic work that we can. We're located in the beautiful Cowichan Valley on southern Vancouver Island, only 40 minutes north of Victoria and 30 minutes south of Nanaimo. Our studios and workshops are our unique worlds where we do the work of creating.

We welcome you to experience our work in the place where it is made, and discover the process by which we transform our raw materials into original personal creations.
